

DIVINE LOVE CASTS OUT FEAR, HE SAYS

Bliss Knapp, Boston Christian
Scientist, Declares Divine
Mind Transcends Matter.

Bliss Knapp, C. S. R., a member of the board of trustees of the First Church of Christ, Scientist, in Boston, Mass., delivered the first of a series of lectures on Christian Science at the First Church of Christ, Scientist, in Boston, Mass., this afternoon. The lecture was given under the auspices of the Christian Science churches here, and the audience filled every available seat in the large auditorium as well as some 300 chairs placed upon the stage. The lecturer was introduced by Edward E. Norwood. The subject of the lecture was announced as "Christian Science: The Revelation of Divine Power." Among other things Mr. Knapp said:

Comforter Promised.
"Before Jesus went away he promised us another Comforter. That no misadventure might arise, he took the precaution to explain the nature of this promised Comforter. It should not be a man, nor a person, but rather the impersonal 'Spirit of Truth.' He explained further that the 'Spirit of Truth' would lead mankind into all truth, even to the source of truth which is God, and it would testify of him. Now the Spirit of Truth is the law of the law which communicates God's healing power to humanity. This law, moreover, requires a science which can interpret it and be reasonably understood. Since the law is divine, its science must be a divine or Christian Science. That is what Christian Science is—the spiritual understanding of divine law as applied to the needs of humanity."

"Sometimes it occurs that one is so completely overwhelmed by sorrow and grief that all the comfort and consolation of human affection seems helpless to brighten the thought. Then we need to remember that there is a sorrow that purifies, and another sorrow that works evil. It will sweeten or sour the disposition according to the direction it takes. Says Disease Is Mental."

"Jesus healed physical disease on the basis that the Truth makes free. Four thousand years of medicine has endeavored to force the conclusion that disease is purely physical, and that it requires a physical remedy. The result is that diseases have actually multiplied. Jesus proved that sickness, disease and fear are the errors and not the truths of being, and they can be healed by a mental process."
"It is generally recognized that certain nervous disorders are mental; for though the person may be sick almost to distraction, examination may disclose no diseased organ, tissue or nerve. He may have apparent physical ailments, such as that trinity of disorders known as dyspepsia, heart palpitation, and insomnia; but an examination discloses no organic disease. The patient's troubles are actually unreal, in the sense that they have no physical cause. To the patient they are decidedly real, in the sense that he feels them constantly, and can not free himself from them."

Some Examples.

"Though a patient may be perfectly sane while suffering from some nervous ailment, his belief must be changed before he can experience his healing. That is never brought about by imagining himself well. Such primitive emotions as fear and anger, which are said to produce depressing and poisonous conditions. The thought of guilt is said to be even more deleterious. Anger may cause a person to become flushed or pallid in the face, indicating the mental control of the circulation. Indeed, it may stop one's digestion altogether, showing how one's thought has equal control over the digestive system. A severe examination may affect students with retarded digestion due to their fear. With the proof that functional disorders are mental in their cause, due to erroneous thinking, investigation has continued until medical experiments have proved that diabetes is entirely the result of fear or emotion. In fact, it is more generally conceded today that consumption may be just a consuming fear. That may be the reason why no drug or medicine ever healed them."

The Healing Thought.
"Physicians have observed that the depressing and poisonous effects of fear, anger, hatred, jealousy, and so forth are relieved by the wholesome effects of faith, hope, cheerfulness, and loving kindness which promote health. How then shall they be administered to the patient? The method taught by the schools is by suggestion, human will, and human reason, which are as material as the disease. They may be employed just as well by a wicked man, by an infidel, or a pagan—one who knows nothing about the truth of God. The Christian Scientist, on the other hand, employs only the spiritual Mind which transcends brain or matter. That Mind is never transmitted through suggestion; because it is everywhere present, and its government prevails wherever it is most needed by the patient."

We simply have to understand the ever-presence and activity of that truth—the patient and the truth makes free. The Scripture says that "Fear batheth torment," but "perfect love casteth out fear." There is no remedy known to the human consciousness for fear of any sort, save alone divine love. It is that understanding of the divine Mind, whose name is Love, that gives to the Christian Scientist the spiritual power to out the fear of consumption and emotion its physical effects. It is on that basis that Christian Science heals all manner of disease."

Manchester Faces 60
Bankruptcy Petitions

LONDON, Oct. 24.—The Duke of Manchester, who was nearly bankrupt before he married Miss Zimmerman, daughter of Eugene Zimmerman, the late railroad millionaire, now faces sixty petitions in bankruptcy proceedings. It is not believed likely the duchess will come to his rescue. It is stated that the duke is seriously ill of pneumonia at the Meurice Hotel, in Paris.

Mr. Zimmerman in his will left his money so that the duke could not touch the principal.

STYLE SHOW OPENS HERE ON THURSDAY

Combined Exhibit and Dansant
to Mark Inauguration of
Brilliant Season.

Making the inauguration of what promises to be the most brilliant social season that the Capital has seen in years, the National Style Show and Dansant will be given at Rauscher's Thursday, Friday, and Saturday afternoons and evenings.

The newest things for women's wear will be shown on living models. The affair promises to be a revelation as a fashion arbiter. Never before has a more representative list of exhibitors prepared to show American and foreign fashions in Washington. Elaborateness of detail in punctuating the plans of the exhibitors. Every field of attire for women will be covered, from homely and footworn to coiffures and millinery. With the whole city intent upon the preparations for a Presidential wedding, special attention has been directed to a showing of trousseaus, culminating in an exquisite wedding garment that will grace the form of a well-known bride-elect.

Dinner, dance and party frocks will be on view. Some daring models will be seen. It is stated that the value of the individual garments in this group to be exhibited will range from \$50 to \$1,000.

corsets and undergarments will be shown in the ballroom and in the pink room. In which a model will pose. Tailored gowns and dresses will be shown. There will be a remarkable exhibit of embroideries. The management has secured a celebrated teacher of crocheting to demonstrate his art. It is declared he is the only member of his sex engaged in this art. Beauty, too, will lend her charms to the fashion show. A cosmetic booth will be presided over by a bevy of young women, who will see to it that every visitor that desires has a practical demonstration. Interest in the fashion show is further heightened by the free dances each afternoon and evening. A unique decorative scheme will be carried out, and musical programs will be given.

Hen at Camp Meeting.

CLEVELAND, Ga., Oct. 24.—When Wesley Nix arrived at camp meeting he discovered, while assisting his family from the vehicle, a hen sitting on eggs under the seat of his buggy. He prevented Hiddy from attending meeting and returned home with the setting hen still on duty.

Mine Sinks Swedish Ship.

COPENHAGEN, Oct. 24.—The Swedish steamship Rumina, captured in the Baltic by Germans, supposedly with contraband for the allies on board, and on its way in charge of a prize crew into port, struck a mine off Gothland, and sunk. The Swedish captain and four of the crew were saved.

Which Is Your Child?

- Glasses may do as much for your child as they have done for this one.
- Eyestrain is affecting the health and retarding the mental and physical development of one-third of the school children in the country.
- But a small percentage have received the attention they require.
- This is the age of efficiency, but the habit of careful, accurate work must be formed in childhood or efficiency can never be acquired.
- The 75% men and women of tomorrow are the 75% children of today.
- A little care now may put your child in the 95% class and you will be relieved of the responsibility for its future failure.
- Don't blame the teachers. This is an obligation that you, as a parent, cannot evade.
- A few moments in our office will make the doubt a certainty, one way or another.
